MONTEBELLO HOSPITAL

MONTEBELLO GIVES AWARENESS TO EXPECTING MOTHERS DURING PREGNANCY WEEK

During the week of 10 -16 February was Pregnancy Awareness week, and Montebello hospital maternity staff planned activities for the week on giving awareness to patients on ways to take care of their unborn babies during pregnancy. The activities started off with light exercises for the expecting mothers, as the mothers were taught that regular exercise during pregnancy can improve your posture during pregnancy and decrease some common discomforts such as backaches and fatigue.

HEALTH

EPUBLIC OF SOUTH AFRICA

The exercises were then followed by talks which were given by the maternity staff, and engaged on the different topics with the patients, which also included alcohol syndrome, on how the baby is affected if the mother consumes alcohol during pregnancy, and also the different things mothers go through when pregnant, and what to treat as an emergency should any unusual signs occur whilst pregnant.

MARCH IS TB MONTH

Montebello hospital goes out to the community on the fight against TB

The month of March is commonly known as TB Awareness Month, and during this month the community and patients are made aware of TB, and Montebello hospital did just that as they were out in the community of Montebello in Phikelela area to teach the community on TB. The community was made aware on the prevention of TB, and how to treat TB once you have contracted the disease. Sr Nxumalo who is a TB health Nurse spoke lengthily on TB and also stressed on the importance of taking TB medication correctly, where also the Chief Dietitian Mrs. Ndlangamandla talked about eating properly when taking medication, and having a proper diet meal plan which will work well with the medication given.

The NGO TB/HIV Care was also invited to also share their experiences on TB to the patients and how they work with communities . The programme also proceeded with a stage play done by the TB clinic staff and Community Health Workers, where they shared daily experiences they get from patients, and also correct myths and wrong doings that have been by patients

MONTEBELLO WELCOMES THE COMMUNITY SERVICE OFFICERS 2022

Montebello Hospital welcomed the Community Service Officers for 2022, and the PRO Miss Mthembu took the Comm Serves on a tour around the hospital and clinics so that they are familiar with the facilities.

MONTEBELLO DOES IT THE BATHO PELE WAY

In line with the Batho Pele principle with thesaying "**Encouraging innovation and rewarding excellence**" that is what Montebello implemented when departments were awarded certificates of appreciation due to receiving compliments from patients on excellent service delivery they were given by the staff when they were at the hospital.

During the awarding of the certificates the CEO Mrs Msomi stressed the importance of patient care, and that treating the patient correctly with politeness and courtesy can really go a long way. Amongst the patients complements received other departments including Food Services, Security and cleanliness were also mentioned, which gives Montebello a thumbs up for great service during your hospital stay and daily clinical care.
