HOSPITAL MANAGER'S CORNER

Hi all

We are nearing half of the financial year 2006/2007. There is a tinny glittering light shinning, the light of "HOPE" because spring is at the door.

The journey towards success is long & tiring because of numerous Challenges. So in order to improve service delivery so as to yield good quality care for our patients and clients, we must always remember

Hospital Managers
Mrs. T.A. Mqadi

the following:

- Success comes to people who never stop dreaming
- Who trust that their dreams can come

true.

- Who use each new chance that each day brings their way.
- Success comes to people like you Mseleeni employees as long as we keep on dreaming

"Let us fight a good fight together"

THE QUALITY SURVEY: JUNE 2006 @ MSELENI HOSPITAL

As we have embarked a long way to cover our mysterious encounter.

First and the foremost I would like to thank all the Supervisors and their staff members of different sections who participated on making this survey successful. As far as Quality is concerned there is much improvement through your hard work to maintain a high quality service standard. I would like also to inform my co-workers in this Institution, that as we have managed to sustain our percent, from 83% to 86%, therefore let us ensure that we are always compliant not partial. But we are still having

Ms. Phindo Mlambo a problem to some of the areas that need to be strengthened, e.g., Patients have a right to be treated by named Health Care Provider and every clients need to be greeted and warmly welcomed because we as Africans we do value our style of greeting. We have to utilize the following as pillars for quality service, quality linked to excellence, perfection, value for money and consistency . "I thank you all, kuze kube ngokuzayo"

SOCIAL WELFARE IS A WARFARE

BUILDING A CHILD FRIENDLY SOCIETY

Mrs. Gugukazi Magidela
Hospital Social worker

The hospital has progressed in running Children's Rights workshop into building a Child Friendly Society. This Project has been sustained for nine years singly handedly. The hospital has one Social Worker but the Hospital has been able to use the Social service Department to spread the word on rights of a child. The project has been extended to other parts of Mseleni Health Ward. Mngobokazi area has been the Hospital target this year.

ORGANISING

The Social worker renders the service the organization single handedly with the help of Volunteers, some are students at Tertiary level and student social workers which have been placed by University of Zululand and Durban WESTVILLE.

⇒Dental Clinic is a small Department that is responsible for oral health care of the community of Mseleni & the surrounding areas. services provided within the Institution are: Teeth extractions, Teeth fillings, Scaling & polishing, Oral health education.

⇒This department extend the service to staff establishment currently consist of one Dental Therapist & one dental assistant. Therefore the service provided has brought attention to many of the clients that oral health contribute a major part in one's general health.

⇒The service is provided within the hospital during these days: Monday, Wednesday, Thursday but Tuesday & Friday are used for clinic visit. Workers hours from 07:30am to 16h00 pm

NB : TOOTH EXTRACTION is regarded as an emergency treatment therefore is provided immediately as one visits the clinic, unlike scaling & polishing and filing of teeth where appointment has to be made. Appointments should be made by the one needs treatment.

Oral & Dental Department

Mr. MS Ntanzi, Dental Department

"Prevention is better than Cure"

⇒Awareness is one of the types of preventive tools

⇒Lack of knowledge & awareness results in unnecessary loss of teeth

⇒Note that loss of one teeth may result in a certain complication that may not be obvious at the time of tooth loss, but that might be an evidence later.

What have we done?

- ◇ In August 2005 we had an awesome awareness event for oral health within the Institution health.
- ◇ In this month August 2006, we are planning to conduct awareness event and we hope of greater achievement then last year.
- ◇ Between the service provider & client, it's the client who plays a vital role in maintaining a good oral hygiene

REMEMBER!!!
PREVENTION is better than **CURE**

Words of Faith

“When days are dark friends are few. Jesus had 12 loyalty disciples with him, but when the crucifixion day came for him there was no friend. He was even forsaken by his indeed best friends, Peter & others were just following far behind the cross. Better have no friend rather than to suffer for their iniquities”

LOVE ONE & THE ONLY ONE LIFE YOU HAVE

ARV PROGRAM: MSELENI HOSPITAL

Where we come from

The ART program was started at Mseleni Hospital on the **July 19th 2004**; we’ve just finished our second year providing the second chance to those individuals who were at the end stage of HIV/AIDS. We can basically say the program is working very well; we are keeping a “hawk” eye on the system and patients progress, with the experience that we’ve accumulated so far. It was a bit difficult when we started back in 2004, but now things are a lot better, we know what are the things that we should be on the lookout for, this help us render to our clients the best possible service we can afford. So far in the past two years we’ve managed to put on to the program a total of **1180** clients on ART program excluding those who died having started ART. Included in this total is **1068** Adults and **112** Children.

ABOUT ART:

Although the ART is not the cure to the HIV, the experience in the program has proven that people infected with HIV and have AIDS live a lot better life when they take ART accordingly than without the ART. The one very important point that one must point out is client’s commitment to taking his/her medications as discussed with the health provider. Mseleni Hospital decided to take the service to the people, with the help of in-depth knowledge of the community setting and economic state of the society. The ART is obtainable from all 9 clinics under the Mseleni sub-district.

Farewell !!! Farewell

Mrs. N.A. Zungu's Farewell

Ngaqala ngimngaka manje sengimngaka

uMrs Zungu e-PHC Staff avele asonga lonke igalelo abenalo kuleminyaka eyishumi afika eMseleni, athi
 "UMHLALAPHANSI OMUHLE MRS. N.A. ZUNGU, UYENZE KAHLE INKONZO YAKHO SIFUNDE OKUNINGI KUWE SIZOQALA UKUKUKHUMBULA NAMUHLA. USIBONGELE EMNDENINI WAKHO".

S Esiyahlukana mhlampe singabe sisabonana". Leli yiculo ebeliculwa yistaff se PHC (Primary Health Care) bevalelisa umama u-Zungu obesenesikhathi eside esebenza kulomkhakha wobuhlelengikazi ezibhedlela ezahlukene. Kanti uqale ukusebenzela emseleni ngo 1996 kuya ku-2006. Ukusebenza kahle kwakhe kufakazelwe ukuqagula ikhethelo elicolekileyo kwethimba eliphezulu lesiBhedlela, okubalwa kulo uMrs. CT Fakude obekhulumela ithimba eliphezulu lesibhedlela (Management).

Amazwi anohlonza okuvalelisa

Her last words: "I will miss this place, especially the family that I have been used to and I will start a new family outside, Mathew 5:14-15 says you are the light of the world. Therefore be the light before your patients, colleagues and to yourself", God richly bless you.

Bekuwu kethu khethi

Konke kunesikhathi sakho. Kunesikhathi sezwi lenkosi, kanti nesikhathi sezibilibico futhi sikhona.

"Ngizokukhumbula Rumza". Ungathi ubesho kanjalo uMs. N.E. Dube obe-

-ngumngani wakhe nabehlala naye yonke leminyaka.

uMatron CT Fakude, oyi Nursing Manager naye usine wazibethela ethula inkulumbo ebe nohlonze ikakhulukazi ukukhuthaza isizukulwanene esilandelayo.

WOZODLALA !!!!! SPORTS NEWS

A new journey has began.

Isizulu sithi “Inqama uma ihlehla akusho ukuthi iyabaleka kodwa ilanda amandla”.

Loku kuchazeke ngenye indlela lapho bekuwundabuzekwayo wedili lezemidlalo ngaphansi kwesiyingi sase-Mkhanyakude ezinkundleni zesiBhedlela sakwa-Hlabisa zingu- 22, June 2006 lapho iFast Eleven yaseMseleni ibibhekene namaqembu amathathu, okuyi, Jozini, EMRS ne Mosvold. Kuqala umdlalo weFast Eleven nezingqungqulu eziyi-Mosvold ubungafunga ukuthi ezaseMseleni sidlalela eyomhlaba ngobaba bezizishayela ikhanda lenyok’efile ngamagoli amabili kodwa bagcina bekhaviwe. Kowesibili babane ne-EMRSn gamagoli amabili, kodwa kowokungcina kubonakele ukuthi besezikhathele ubungafunga ukuthi zilobhe ijimu ezaseMseleni ngoba ziguqe ngamagoli amabili(2) kwamathathu(3) kwezase Jozini . Okudumaze abalandeli ukuthi emdlalweni yo-kuqala bebefike bafake amagoli kuqala kuyaba ekugcineni izitha zilinganise. Nokho kubonakale sengathi badliswe ukungabi bikho kogoalkeeper oseqophelweni eliphezulu, okube yimbangela yokuthi kungene amagoli angenasidingo. Kodwa phezu kwakho konke lokho kubongwa uOscar Mngomezulu (Oskido) (Aids Department) ozidele amathambo wayoba yisithiba emapalini yize eyisiqonqgwane sasesiswini kodwa ukwazile ukuvimba chishe amanye ebesazongena. Kodwa ukuzinikela kwakhe kube nhlanga zimuka nomoya, nokukhomba khona belu ukuthi izinsizwa azisadluleli phambili ukuyodlala eJozini Stadium mhla zingu 5 August 2006. Kodwa ikusasa liqgakazile , The new journey has began..

Netball Results

Mseleni Hospital should be proud of their Netball team since they have been able to win just a single match. This is emphasized by the fact that they have been able to beat Jozini by 10 to 5. May be this recruiting a coach would be a waste of time and money as one can notice that they are lively on the field of play. May be the shortage of a stamina could be a lack of gym. What a wonderful instant to observe a triumph after a vast deficiency of wins at Mseleni Hospital. Even though they have failed to craft it on other games but anyway there is a room of success.
