Message from Systems Manager: I joined Niemeyer memorial Hospital on the 1st of September 2015 as Systems Manager. I am very honored to have been given an opportunity to join a great and dedicated team which is passionate in delivering best service to the patients. As Systems support team, we are doing our best to ensure that the service rendered to our patients is of high quality and is being delivered timeously in order to contribute to the KZN department of Health vision in improving optimal health status for all people in KwaZulu Natal.

Message from Nursing Manager PHC

I Mrs KB Moloi PHC ANM joined the wonderful team of Niemeyer Memorial Hospital on the 1st of September 2015. I believe on innovation and adding value on service delivery especially at the PHC level as it is essential health core standard. I embrace the implementation of PHC re-engineering and Ideal clinic realization, these are the best models that will make us achieve optimal health and overall universal access for people of Emadlangeni Sub-District.

In order to have a successful ‘Dream Team’, you will need at least one more person with whom have a common purpose. You have to have a partner to think through situations and circumstances. These people should have limitless vision and work together for a single goal.
Niemeyer Memorial Hospital Pharmacy department celebrated Pharmacy week once again on the 1-4 September 2015. The theme for this year’s National Pharmacy Week was to educate patients on how to take control of their chronic diseases, the main aim for this was to ensure that the patients grasp the idea of using their chronic medication wisely and effectively. The Pharmacy staff worked tirelessly, to ensure that this week was a success.

Dear Dr. Kristu,

I am writing to express my deepest gratitude for the excellent care I received at your hospital. The staff was friendly, professional, and provided the best possible care to me and my family.

I appreciated the extra effort you made in ensuring that I was comfortable and well taken care of during my stay. The doctors and nurses were always present, checking on my progress and answering all my questions. I was impressed by the cleanliness and orderliness of the hospital.

I am now feeling better and expect to make a full recovery. I want to extend my thanks to all the doctors, nurses, and medical staff who cared for me.

I hope to visit your hospital again someday and will definitely recommend it to my family and friends.

Thank you once again.

Yours sincerely,
