The process to be followed when evaluating offers received through quotations and tenders/bids must be conducted as follows:

- Proposals are required to be evaluated for administrative compliance as the first phase of evaluation; this determines whether a supplier is **compliant or non-compliant**.
- Proposals may also be evaluated on functionality where applicable (guidelines on how to apply functionality are contained in paragraph 3 of the National Treasury Instruction Note dated 03 September 2010 with the exception of clause 3.4.2 (which deals with the application of preference points))
- *Qualifying proposals will then be evaluated on Price and B-BBEE Points*
