SECTION G

SPECIFICATIONS, SCOPE, EVALUATION

AN ENTITY TO PROVIDE A MULTIDISCIPLINARY TEAM OF EXPERIENCED AND SKILLED PROFESSIONAL CONSULTING SERVICES WITH AN ARCHITECT AS LEAD CONSULTANT

1. Project Description:

Newtown A CHC: CONVERSION OF NEWTOWN CHC FROM A CHC TO A LARGE CLINIC

2. Project Background and Specification

Newtown Community Health Centre is a health facility that is located at A 422 Cr King Bhekuzulu & Nhlwathi Str. Inanda. The facility is situated at EThekweni Health District, North sub-district. The institution was officially opened in 1985 as a PHC Clinic. It was commissioned to be a CHC in 2005. In 2008 the institution was accredited to roll-out ARV programmer. The Pharmacy was also accredited for compliant premises to conduct trainings and tutorship certificate in 2010. The facility provides 24 hours comprehensive PHC package including medical coverage. The facility services a population of 97 000. The facility has PHC headcount of 9200 a month, 6 700 TROA and 3876 patients on CCMDD. The facility has 9 usable beds and were only observing patients for a maximum period of 6 hours then refer or discharge. The facility does not have satellite clinics

Emergency additions, alterations and renovations are required for the following reasons:

- 1) Newtown A CHC was severely impacted by the storms in the Ethekeeni District of April 2022, resulting in the Institution being evacuated and thereby interrupting service delivery from this institution
- 2) Prior to the storm the institution initiated approvals to convert Newtown A CHC from a Community Health Centre into a 24 hour service large clinic

Newtown A CHC has historically consisted of ad hoc park homes, some which were standalone scattered across the site, with other parkhomes integrated with the existing brick and mortar buildings. The facility has been earmarked as not fit for purpose and in need of upgrade for several years. As a result the infrastructure could not withstand the storms and flooding of April 2022, and all of the in structure was flooded with most of the temporary structures becoming dislodged and precariously positioned. A retaining wall and gate also collapsed. As a consequence the facility has been evacuated in order to establish a properly constructed health care facility as soon as possible.

The main clinical building is a single storey facebrick building with a double pitch asbestos roof with gable ends. The eaves extend directly into extend roof sheeting at the same pitch on both sides over ad hoc walkway/waiting areas. These covered areas did not perform functionally during the storm, nor are the walkways clinically or building complaint in terms of construction regulations and the IUSS and SANS0400. The walkways have uneven surfaces and are subject to stormwater flooding, while clinical activities and patient transport are being conducted in these external passage areas which is not acceptable.

During the storm, the standalone units that were dislodged required immediate removal, however the parkhomes which are interspersed with the masonry structures, constitute non-compliant building structures which are a fire, stormwater and health and safety risk and are not acceptable as building construction.

The roofs did not perform during the storm and allowed water to ingress into the buildings damaging the walls, floors, furniture and records.

The main core block performed well, however water needs to be kept away from the building by concrete apron to falls in the protected services gallery at the back, and by waiting area veranda at the front of the building. The building is generally structurally sound with foundations and brickwork showing no signs of distress such as structural cracks and therefore has the potential to be renovated.

In light of the conditional assessment, the architectural intervention is to address all of these issues cohesively as a comprehensive solution so that the institution operates with acceptable infrastructure. This includes external works, entrance legibility and the removal of temporary and ad hoc structures.

In terms of stormwater control assessment, the site development clearly did not meet the minimum 50 year flood requirements as can be seen on the amount of erosions and damage caused. Furthermore the bottom platform only has a brick retaining wall separating the clinic and the SAPS Police station. Brick in general performs well under compression and not effective in shear stress risking collapse had the stormwater gone over it.

It was therefore recommended that the stormwater and retaining walls be expanded to cover the entire site into 3 platforms together with protected services gallery and rainwater goods and are included as scope with the building renovations.

Prior to the storm of April 2022 the decommissioning of Newtown A CHC to a large 24 hour clinic had been initiated for approval by the Head of Department: Health. This conversion will be incorporated into the building renovations.

3. Detailed Project Scope of Work

The Site:

Newtown A Community Health Centre is located in Inanda off King Bhekuzulu Drive

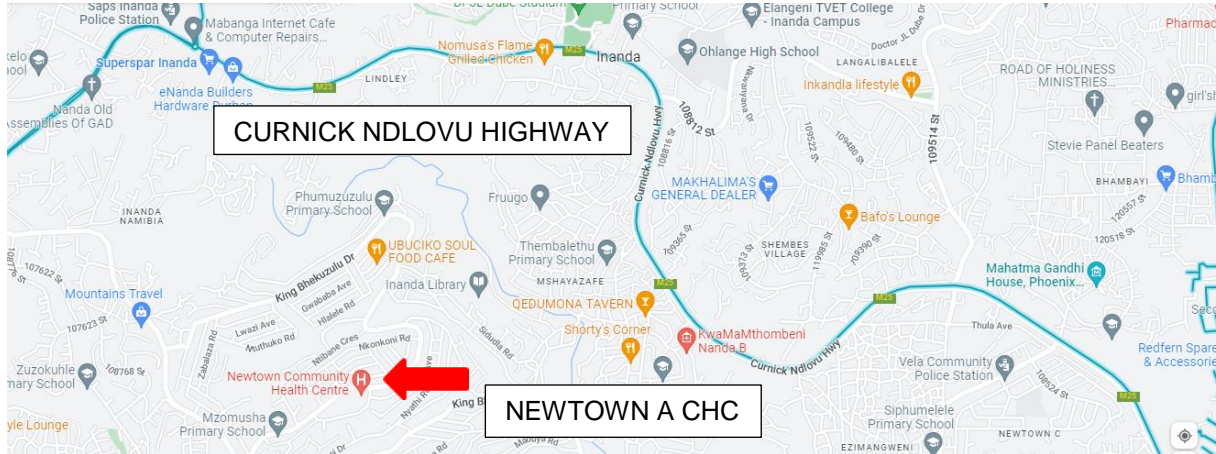

Figure 1: Newtown CHC A Location

Land Owner:	Provincial Government		
Street Address (or directions):	A 1345 Corner of King Bhekuzulu Road and Nhlwathi Crescent		
Postal Address:	Private Bag X039 Inanda 4310		
Telephone Number:	+27 (031) 510 1011		
Hospital Manager:	Ms Z Khumalo		
Cadastral Description:	Latitude:	-29.71180	Longitude: 30.94195
Zoning:	Government		
Planning restrictions:	Nil		
Existing Infrastructure	Facebrick and temporary ad hoc structures		

The site is next to key establishment like Community Police Station, Secondary School, Church, and is within a walking distance to a public transport route.

External access to the site is as:

- Access to the site – The existing main gate is at the lower level eastern boundary of the site. The main entrance is poorly defined. A second vehicular entrance is at the north boundary at the highest site level.
- Access to Public transport - is available from both entrances of the facility
- Pedestrian routes – is available from the main entrance of the facility

Figure 2: Newtown A CHC location

Figure 3: Location of the proposed site

Previously, the site was occupied by an old clinic facility, which was later upgraded and extended to be a CHC due to the extensive need to provide Health Care Services in the area. Part of the upgrade master plan was to implement the extension in two phases, this was because the facility was operational and needed to be kept operating. Currently phase one of the extension is complete and the facility is operational. The challenge that is faced by the CHC is that half of the facilities that make up a CHC is accommodated in park homes due to space constraints. The majority of the park-homes are located on the adjacent street (108570 st.) due to limited space on site.

The facility has a shortage of parking which is a challenge, and currently does not comply with the eThekweni Municipality parking requirements.

The space on the site is extremely limited and congested and not used efficiently in the past. The topography also makes efficient use of the existing space challenging. The intention is to renovate the existing buildings to use the topography strategically in order to create a double storey building that can be accessed directly from its own level. Due to the topography it is possible to access multiple floors from a ground level access at any point.

4. Project Outcomes:

As a consequence of the damage and safety concerns the facility has been evacuated and is not rendering services. Primarily, the intention is to reconfigure the clinical buildings at Newtown CHC to replace the structures destabilised by the floods. The proposal and scope has not only been considered in terms of the storm damage experienced, but also in terms of elevating the building conditions to be fit for purpose, as preceding the storm the structures were not robust enough to withstand heavy rains or clinically complaint to render effective service delivery in a safe environment to the public. The additions and alterations are to incorporate the conversion of the institution from a Community Health Centre to a large clinic and to design for this Package of Service instead of re-establishing the existing service platform.

5. Project Objectives:

This project will aim to provide a salutogenic and fully compliant permanent Large Clinic that will contribute to KZN-DOH achieving improved management of the Burden of Disease and the provision of Primary Health Care Services. The large clinic is to be complaint with the IUSS and Ideal Clinic norms and standards for Primacy Health Care as well as the SANS 10400 National Building Regulations for building design. The historically non fit for purpose infrastructure will be replaced by complaint structures which will provide service delivery and public safety.

6. Project Success Criteria:

The success criteria will be that the project will assist the Department to address the Impact of Increase Life Expectancy and the three Outcomes of Universal Health Coverage, Improved Client Experience of Care and Reduced Morbidity and Mortality.

The Measurable objectives will be:

- The reinstatement of Primary Health Care services which are not being conducted at present
- Conversion of the facility from Community Health Centre to a large clinic
- The achievement of IUSS compliance and National Building Regulations for the facility as it was not complaint prior to the flooding
- Retention of staff at the at the facility
- Deliver the project in time, on budget and compliant to specifications

7. Scope of Works of the Construction Project:

7.1. Scope of works

Clinical buildings

1. Main clinical building to be assessed for conversion into large clinic as per IUSS, Ideal Clinic standards and KZN Department of Health prototype standards.
2. Construction of structural steel supports as per evaluation of existing structure by registered

Structural Engineer

3. Construction of ring beam to existing building, bases and columns as per evaluation of existing structure by registered Structural Engineer
4. The upper deck to be precast and pre-stressed concrete planks with screeds for quick construction supported by load bearing brick walls and structural steel columns in the brick wall and beams in the ceiling void
5. Precast concrete supported two ways on concrete retaining wall, building ring beam and engineered prefabricated steel columns on concrete based. The corners of the building to be assessed for possible underpinning so as to carry increased loads.
6. Due to the topography and site constraints, clinical design to ensure that there is ground floor access to clinical areas by patients at all site levels.

Adjacent parkhomes

7. Existing adjacent park homes to be removed and reconstructed as brick and mortar to match existing and to be integrated into the existing brick building complex
8. Retaining wall to edge of new built structures

External Works

9. Reconfiguration of entrance and new guardhouse. Current security wendyhouse to be removed. Parking provided to entrance.
10. New waste area
11. Removal of covered steel waiting areas
12. Existing external building structures, ramps, stairs and parking areas to be rationalised into the new external works design.
13. Steel supported walkways, waiting and veranda areas
14. Demolitions and or removal of temporary structures
15. Removal of parkhome on upper level and making good of finished ground level
16. Hard surfacing/landscaping/ stairs where required

Stormwater Intervention

17. Open channels storm water with mantis grates around the retained buildings
18. Sub-soil drains to be introduced to prevent saturation of the ground and allow sub-terrain drainage
19. Service gallery between the retaining wall and existing building
20. Open spaces for vegetation, circulation and waiting
21. 50 year flood storm water management plan to include storm detention, rain water harvesting serving as part of the storm water management plan and re-use for non-portable water use.
22. Protection of the lower property SAPS by extending the retaining wall
23. Geotechnical Engineer to be appointed in order to evaluate soil conditions to inform structural design.

Please refer to the Project Brief attached as **Appendix D** for the proposed full scope of the project.

SECTION I

TAX COMPLIANCE STATUS (TCS)

1. The State / Province may not award a contract resulting from the invitation of bids to a bidder who is not properly registered and up to date with tax payments or, has not made satisfactory arrangements with SA Revenue Services concerning due tax payments.
2. The South African Revenue Services (SARS) has phased out the issuing of paper Tax Clearance Certificates. From 18 April 2016, SARS introduced an enhanced Tax Compliance system. The new system allows taxpayers to obtain a Tax Compliance Status (TCS) PIN, which can be utilized by authorized third parties to verify taxpayers' compliance status on line via SARS e-filing.
3. Bidders are required to apply via e-filing at any SARS branch office nationally. The Tax Compliance Status (TCS) requirements are also available to foreign bidders / individuals who wish to submit bids.
4. SARS will then furnish the bidder with a Tax Compliance Status (TCS) PIN that will be valid for a period of 1 (one) year from the date of approval.
5. In bids where Consortia / Joint Venture / Sub-contractors are involved, each party must submit a separate Tax Compliance Status (TCS) PIN.
6. Application for Tax Compliance Status (TCS) PIN can be done via e-filing at any SARS branch office nationally or on the website www.sars.gov.za.
7. Tax Clearance Certificates may be printed via e-filing. In order to use this provision, taxpayers will need to register with SARS as an e-Filer through the website www.sars.gov.za.
8. Tax Compliance Status is not required for services below R 30 000.00 ITO Practice Note Number: SCM 13 of 2007.
9. Kindly either provide an original tax clearance certificate, your tax number or pin number.

APPENDICES

APPENDIX A - BID PROFORMA

(To be completed by the Lead Consultant)

General Notes -

- Bidders are requested to complete Table 1 and Table 2 of Appendix A. The total fees from Table 1 must be carried to the form of offer.
- Preference Points (based on the PRICE only) and Total Percentage offered take precedence over any additional detailed fee calculations submitted, where there is any ambiguity
- Bidders are to tender a total percentage (to 2 decimal places) for the entire team based on the value of work for fees estimate. This percentage will remain fixed throughout the project and is deemed to include for any surcharges due to alterations works and for Principal Consultant and Principal Agent Fees.
- Disbursements shall be allowed for as stipulated in Table 1 but shall be claimed and paid on a PROVEN COST BASIS ONLY. The Land Surveyor, Geotechnical Engineer/Technologist, and Environmental Specialist costs will be paid from the disbursement allowance. Disbursement rates as published in the monthly National Department of Public Works "Rates for Reimbursable Expenses" shall be used for claiming.
- The estimated Value of Work for Fees is an estimate and not the final value. The tendered PERCENTAGE will be based on the actual project works value determined upon project completion.
- Table below is NOT to be modified by Tenderer

C2: PRICING DATA

C2.1 Pricing Instructions

C2.1.1 Basis of remuneration, method of tendering and estimated fees

C2.1.1.1 Professional fees for the Multi-Disciplinary Services will be paid on Value basis.

The words “value based” and “percentage based” used in connection with fee types in this document or any documents referred to in this document are interchangeable and are deemed to have the same meaning.

C2.1.1.2 Tenderers are to tender:

A value based fee utilizing the stated estimated project construction value multiplied by a fixed tendered percentage which is then apportioned amongst the multi-disciplinary team.

C2.1.1.3 The amount tendered herein (*Section F – Form of Offer and Acceptance*) is for tender purposes only and will be amended according to the application of the actual cost of construction.

C2.1.1.4 Reimbursable rates for typing, printing and duplicating work shall be in accordance with the conditions laid out under section C2.1.5

C2.1.1.5 Disbursements in respect of all travelling expenses will not be paid for separately except for attending off-site meetings (greater than 50km one way from the office of the service provider) at the request of the employer where only travelling costs (mileage only) shall be claimable in accordance with the rules set out in C2.1.6.3. Please note that no travelling time and subsistence charges are claimable for any trips taken by the Consultants.

The site must be visited as often as the works require for the execution of all duties on the Project. The Service Provider must be available at 24 hours' notice to visit the site if so required. All costs in this regard will be deemed to be included in the tendered fees as stated in C2.1.1.1

C2.1.1.6 N/A

C2.1.1.7 All fee accounts need to be signed by a principal of the Service Provider and submitted in original format, failing which the accounts will be returned. Copies, facsimiles, electronic and other versions of fee accounts will not be considered for payment.

C2.1.1.8 For all Services provided on a time basis, time sheets giving full particulars of the work, date of execution and time duration, should be submitted with each fee account.

C2.1.1.9 Payments to the Service Provider will be made electronically according to the banking details furnished by the Service Provider. Any change in such banking details must be communicated to the departmental project manager timeously. Fee accounts, correct in all respects, will be deemed submitted when received by the Employer and settled when electronically processed by the Employer. The Employer reserves the right to dispute the whole account, any item or part of an item at any time and will deal with such case in terms of clause 14.3 of the General Conditions of Contract.

C2.1.1.10 Accounts for Services rendered may be submitted on the successful completion of each stage of work. Interim accounts will only be considered during the construction stage of the works and then not more frequently than quarterly except if otherwise agreed between the authorized and designated representative of the Service Provider and the Employer. Payment of accounts rendered will be

subject to the checking thereof by the departmental project manager. The Employer reserves the right to amend the amounts claimed in order to conform to the rates stipulated in this Contract and make payment on the basis of the balance of the account in accordance with clause 14.3 of the General Conditions of Contract.

C2.1.2 Value based fees

C2.1.2.1 Fees for work done under a value based fee shall be calculated according to the tendered percentage for fees for the team and apportioned to construction stages (for each professional discipline) according to the relevant stated tariff of fee guide as stated in *Section G*, of this document.

C2.1.2.2 Interim payments to the Service Provider

For the purposes of ascertaining the interim payments due, the cost of the works, which shall exclude any provisional allowances made to cover contingencies and escalation, shall be:

- the applicable portion of the net amount of the accepted tender, or

C2.1.2.3 Fees for documentation for work covered by a provisional sum

Where a provisional sum is included in the bills of quantities for work to be documented at a later stage, the documentation fee in respect of such work shall be remunerated at the time when the documentation has been completed.

C2.1.2.4 Time charges for work done under a value-based fee (only upon prior approval by Head of Health)
Time charges are reimbursable at rates applicable at the time of the actual execution of the specific service adjustable utilizing the discount for time based fees offered within the tender document. The "Rates for Reimbursable Expenses" as amended from time to time and referred to below, is obtainable on the Website: <http://www.publicworks.gov.za/> under "Documents"; "Consultants Guidelines"; item 1.

C2.1.2.5 Unless otherwise specifically agreed in writing, remuneration for the time expended by principals in terms of time based fees on a project shall be limited to 5 per cent of the total time expended for time charges in respect of the Project. Any time expended by principals in excess of the 5 per cent limit shall be remunerated at the rates determined in (ii) or (iii) above.

C2.1.3 Additional Services

C2.1.3.1 Additional Services pertaining to all Stages of the Project

Unless separately provided for hereunder and scheduled in the Activity Schedule, no separate payment shall be made for the additional services specified in the relevant tariff of fees guide. The cost of providing these services shall be deemed to be included in the value based fee tendered for normal services.

C2.1.3.2 Occupational Health and Safety Act, 1993 (Act No. 85 of 1993)

No separate payment shall be made apart from the Construction Health and Safety Agent fee. The cost of providing this service shall be deemed to be included in the value based fee tendered for normal services.

C2.1.3.3 Quality Assurance System

No separate payment shall be made for the implementation of a quality management system. The cost of providing this service shall be deemed to be included in the value based fee tendered for normal services.

C2.1.3.4 Lead Consulting Engineer/Technologist

No separate payment shall be made for assuming the leadership of an Employer specified joint

venture, consortium or team of consulting engineers/technologists. The cost of providing this service shall be deemed to be included in the value based fee tendered for normal services.

C2.1.3.5 Principal Agent of the Client

No separate payment shall be made for assuming the role of principle agent. The cost of providing this service shall be deemed to be included in the value based fee tendered for normal services.

C2.1.4 Set off

The Employer reserves the right to set off against any amount payable to the Service Provider, any sum which is owing by the Service Provider to the Employer in respect of this or any other project.

C2.1.5 Typing, printing and duplicating work

C2.1.5.1 Reimbursable rates

The costs of typing, printing and duplicating work in connection with the documentation which must of necessity be done, except those which must in terms of the relevant Manual or other instructions be provided free of charge, shall be reimbursable at rates applicable at the time of the execution of such work. The document "Rates for Reimbursable Expenses" as amended from time to time and referred to below, is obtainable on the Website: : <http://www.publicworks.gov.za/> under "Documents"; "Consultants Guidelines"; item 1.

C2.1.5.2 Typing and duplicating

If the Service Provider cannot undertake the work himself, he may have it done by another service provider which specializes in this type of work and he shall be paid the actual costs incurred upon submission of statements and receipts which have been endorsed by him confirming that the tariff is the most economical for the locality concerned subject to the maximum tariffs per A4 sheet as set out in Table 1 in the "Rates for Reimbursable Expenses".

If the Service Provider undertakes the work himself, he shall be paid in respect of actual expenses incurred subject to the maximum tariffs per A4 sheet as set out in Table 1 in the "Rates for Reimbursable Expenses".

Typing and duplicating expenses shall only be refunded in respect of the final copies of the following documents namely formal reports, formal soil investigation reports, specifications, feasibility reports, bills of quantities, material lists, minutes of site meetings and final accounts. The cost of printed hard covers shall only be paid in respect of documents which will be made available to the public such as bills of quantities and specifications or where provision of hard covers is specifically approved.

The typing of correspondence, appendices and covering letters are deemed to be included in the value based fees and time based fees paid.

C2.1.6 Travelling and subsistence arrangements and tariffs of charges

Notwithstanding the ruling in C2.1.1.5 above (regarding disbursements and travelling expenses which will not be paid separately), when the Service Provider is requested in writing by or obtained prior approval in writing from the Employer to attend specific meetings at any of the Employer's offices or any extraordinary meetings on site or elsewhere, he will be remunerated according to the provisions under C2.1.6.1 to C2.1.6.3 herein.

C2.1.6.1 General

The most economical mode of transport is to be used taking into account the cost of transport, subsistence and time. Accounts not rendered in accordance herewith may be reduced to an amount determined by the Employer.

As the tariffs referred to hereunder are adjusted from time to time, accounts must be calculated at the tariff applicable at the time of the expenditure.

Where journeys and resultant costs are in the Employer's opinion related to a Service Provider's mal- performance or failure, in terms of this Contract, to properly document or co-ordinate the work or to manage the Contract, no claims for such costs will be considered.

C2.1.6.2 Travelling time

No travelling time shall be paid on this project.

C2.1.6.3 Travelling costs

Travel costs will only be considered where the Service Provider has been requested to attend an off-site meeting with the destination being further than **50km** (one way) from the Service Provider's office. Travelling costs will be paid in the form of a disbursement for mileage only.

Compensation for the use of private motor transport will be in accordance with the Government tariff for the relevant engine swept volume, up to a maximum of 2150 cubic centimetres, prescribed from time to time and as set out in Table 3 in the "Rates for Reimbursable Expenses".

C2.2 Activity Schedule

C2.2.1 Activities

C2.2.1.1 For services where the apportionment of fees is not provided for in SECTION G, proportioning of the fee for normal services over the various stages shall be as set out in the relevant Government Gazette Tariffs.

C2.2.1.2 The tenderer must make provision for all activities necessary for the execution of the service as set out in the Scope of Services.
