BETHESDA HOSPITAL

Prayer Of Restoration

The hospital recently organized the restoration prayer for staff that was attended by employees in all sections.

Purpose of the prayer

The prayer was aimed at restoring the professional conduct and good behavior at work and also to motivate the employees about their current standards of performance.

THEME FOR THE DAY

It was a prayer for peace, unity & harmony in the workplace. We prayed for patient care at all levels! We pray for Gods protection!

It was a restoration itself to the hospital as a whole to host such a successful event which recognizes the role that God has on the functioning of the hospital. In actual planning towards this event, the drive was initially from the name of the hospital "Bethesda" which was taken from the Bible, which means the lake of healing derived from the Greek word. According to the general perspective, Bethesda hospital was meant for healing and bringing hope to Ubombo community and abroad.

The purpose of the prayer was to revive the employees about the entire both the vision and mission of the hospital and the cultivation of employees passion about patient care & team work. "Vision: Bethesda Hospital to be the most desirable hospital to seek help from and to work for. Mission: To develop a people centered district health services in the Bethesda catchment area where all persons have equal access to quality and comprehensive district health services, jobs and entrepreneurial opportunities". The prayer day was honoured by Pastor Myeni who brought a remarkable motivation to employees and Pastor Masinga who was playing instruments.
