Hillcrest Hospital Nurses day 2014

Nurses: A force for change
A vital resource for health.
Hillcrest Hospital celebrated international Nurses day on the 23 May 2014. We do not show nurses appreciation everyday as we should but on this day Nursing management, Mrs. Mgobozi and her team went all out in spoiling nurses even going as far as honouring some nurses with gifts (EN Mnguni, EN Zungu & ENA Mnikathi).

Mrs. N.C. Zondi (Umgeni hospital), key note speaker said that nurses should take the nursing profession to the greater heights, that nurses should embrace change be agents for change. Sr. Hadede melted our hearts when she shared that it gives her so much joy being a nurse even though the profession has its challenges but the smile and the complements she gets after assisting patients and seeing how that impacts the patients and their families.

The traditional lighting of the candles and reading of the pledge was led by the Sr. Gumede and Sr. DePalo respectively. Our CEO encouraged all staff, that treating a patient the way you would like to be treated is a start of a great working relationship even if patients can sometimes be unruly but nurses should always remember their calling and the pledge they follow. The day was also fun, we even had lucky draws and lucky winners won prizes.

Ngaphandle kwabaphathi besibhedlela kanye nezinhlaka zonke ngabe aluzange lube impumelelo lolu suku. Siyabonga kakhulu ngokubambisana.
