PROVINCE OF KWAZULU-NATAL

UMGUNGUNDLOVU HEALTH DISTRICT
PROTECT YOUR CHILDREN NOW:
VACCINATE AGAINST MEASLES FOR FREE
HELP ELIMINATE MEASLES

12 JUNE 2017 TO 30 JUNE 2017

TAKE YOUR CHILD TO THE NEAREST CLINIC OR IMMUNISATION POST DURING THE NATIONAL MEASLES IMMUNISATION IN UMGUNGUNDLOVU DISTRICT

- The immunisation Campaign doses do not replace the routine immunisation.
- This is a BOOSTER measles dose even if the child's immunisation is up-to-date, they still have to get immunised.
- Only children within the targeted age groups will be vaccinated during the campaign, please refer to the table below for guidelines:

AGE OF CHILD TO RECEIVE IMMUNIZATION	TYPE OF IMMUNIZATION TO BE RECEIVED
6-59 Months	Measles

NB: Please send the Road-to-Health-Booklet to your child's crèche, a clinic or a selected immunisation post. However, if you do not have the booklet, the services will still be provided. If you have any questions about the campaign, please do not hesitate to ask at your nearest clinic or your community care giver.
