From : Mrs J.S. Masinga: Deputy Manager: Infection Control
Date : 2 August 2005
RE : **DISTRICT INFECTION CONTROL COMMITTEES**
Index : JSM-memo045-05

Purpose:

Strengthen Infection Control Practices at the district level through:

- Infection control policy formulation, review, implementation and monitoring and evaluation.
- Provide reports to the provincial infection control coordinator
- Identify district infection control priorities
- Conduct relevant infection control research
- Act as a support system to facilitate optimal quality health care

Representatives of the infection control committee

- District programme manager
- Laboratory
- EMRS
- CDC
- Hospital infection control practitioners
- PHC/ CHC infection control coordinator
- Environmental health practitioners
- District pharmacists
- O.H.S.

Attached is the list of present district infection control chair persons. Until now, most district infection control committees were only represented by institutional infection control practitioners.

Thank you for your cooperation.

**MRS J.S. MASINGA: DEPUTY MANAGER
INFECTION CONTROL
