

SYNOPSIS OF STUDY TEMPLATE

Date:				
Study Institution/District	<i>Institution Researcher wishes to conduct the study at: eg Northdale Hospital</i>			
Name of Researcher				
Researcher's Organisation				
Researcher's Contact Number	Office		Cell	
Researcher's E-mail				
Study Title				
Purpose of Study				
Aim of Study				
Objectives of Study				
Planned Study Period	Start Date		Completion Date	
Planned Visit Dates to Institution	Start Date		Completion Date	
Study Design				
Study Participants	Patients		Health Care Workers	
Details of Participants	<i>e.g. Ante Natal Care clients presenting for the first time/ Theatre Nurses etc.</i>			
Planned Sample Size	<i>No of participants that will recruited from the relevant institution</i>			
Data Collection Tool (s)	<i>Eg. Researcher administered questionnaires</i>			
Ethical Clearance	Yes		No	
Ethics Valid Till				
			Y/N	SPECIFY
Will there be additional load for nursing? Eg. asking nurses to recruit patients				
Would you be using facility support services? Eg. Administrative staff such as clerks/receptionist etc				
Would you be using facility consumables? Eg. Swabs, gloves etc				

Would you be using facility equipment? Eg. BP machine, ECG etc		
Would you be using facility laboratory testing services?		
Would you be using facility space? Eg. Office space/Counselling cubicles		
Potential Benefits and Relevance of the Study to the Institution		
Proposed Dissemination Plan of Study Findings To Institution	<input type="radio"/> Presentation to management & staff <input type="radio"/> Electronic copy of report <input type="radio"/> Hard copy of report <input type="radio"/> Copy of publication <input type="radio"/> Other: _____
