If an emergency fault or matter reported is not attended to within a particular time of the time of reporting, a penalty shall be imposed, to be detailed on the SLA. A contact number and an email address shall be provided by the service provider for 24 hour contact to report faults.

13. COMPLIANCE TO OHS ACT

The works shall be carried out in full compliance to Occupational Health and Safety Act and Regulations and all relevant Acts and Standards. All safety precautions required for working on plumbing systems shall be considered and a risk assessment shall be conducted by the service provider. Suitable PPE (personal protective equipment) shall be worn at all the time. The contractor is fully liable for safety and security of his personnel and shall indemnify the Department of Health for all incidents

14. DEFAULTS BY CONTRACTOR

The contractor shall be in default if he/she

- Breaches and/or neglects to comply strictly with any of the conditions of this contract or any instruction and orders given to him in writing in terms of this contract.
- Does not follow the contracted and agreed maintenance scope and schedule.

Should the contractor be in default, the Head: Health or his/her designee shall, from time to time, be entitled to adopt all or any one or more of the following courses, either wholly or partly or by way of substitution or successor.

- a) To allow the contractor to proceed with the works and to recover a penalty of one hundred (100) cents per hundred rand (R100) of the total contract value of the agreement per day for each day that the work may be in arrears. Such a penalty may be recovered or may be deducted as from the date of execution stated in the contract, or any extension thereof, from any payment due or to become due in terms of this contract.
- b) To instruct the contractor in writing to discontinue the work on a specified date and to vacate the site. The contractor shall not be entitled to refuse to withdraw from the work on the ground of any right whatsoever. The Head: Health or his/her designee may therefore adopt the following courses:
 - 1) Cancel the contract and enter into a further contract, by instruction with any other contractor for the execution of the works or any portion thereof for the

rest of the contract period, at such times and upon such terms as the Head: Health deems fit:

- 2) Provide such number of persons and purchase such material as the Head: Health and user deem fit execute the works or any portion thereof:

If the execution cost of the works for the rest of the contract period exceeds the amount still due in terms of the contract, if there is any, the Head: Health may, without any prejudice, recover such excess from the contractor. The Head: Health shall be entitled to deduct such excess from any amounts still due in terms of this contract or any other contract existing between the contractor and the Head: Health. The contractor hereby agrees and binds himself, his successor in title, not in any way to dispute the right to deduct such amounts.

If the contract or portion is cancelled the Head: Health may assess the cost of executing the works for the rest of the contract period and deduct such assessed amount from any of the aforesaid amounts that may be due to the contractor. If it later transpires that the actual cost of executing the works for the rest of the contract period is less than the assessed amount, such excess shall be refunded to the contractor.

The contractor shall not be in default if it can be proven that the works could not be executed due to unforeseen circumstances beyond the contractor's control or acts of God. In that case the contractor must notify in writing the Head: Health or his/her designee of such instance and provide a recovery plan to execute the works without affecting the subsequent scheduled activities.
